Purchases Fine Bull.

A. H. Price formerly of this county has purchased a fine thoroughbred short horn bull. The animal comes from an Illinois farm. Mr. Price is quite well known in this part of the country and is here buying new stock and farm machinery. He has some fine land in Cuba and will leave for that island in a few days.

ACKNOWLEDGE IT.

Plymouth Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Plymouth given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kids in good health since, can be relied upon to perform the same work in other cases. Read this:

Fred W. Hill, Michigan St., Plymouth, Ind., says: "For a long time I was troubled by severe pains in the small of my back, particularly at night. Hearing Doan's Kidney Pills highly recommended, I procured a box and they soon entirely relieved me. I consider them to be an excellent remedy for all kidney disorders. I gave a testimonial in praise of Doan's Kidney Pills in August, 1902 and now I think even more highly of them."

HOLD SMITH REUNION.

Relatives and Friends Meet Sunday at Home of Perry March in Plymouth.

The reunion known as the Smith reunion of the relatives and friends of Mrs. Fred March, was held Sunday in this city at the home of Perry March, in the southeast part of town. Almost a hundred friends and relatives were present. Nearly every train coming in to the city Saturday and Sunday morning brought some of the relatives here.

The day was spent joyfully with those who were present. Dinner was served about 12:30 after which the afternoon was spent largely with songs, recitations and short talks.

Rev. S. H. Yager of this city was present and gave a short talk on Friendship and Sociability. After this several others gave short talks. This was the fifth year that the reunion has been held at the home of Perry March, and it was announced for that place again next year, as Plymouth is about the central part of the relative district, and they all seem to be very well satisfied with the plans and accommodations which Perry March has so carefully planned.

The dinner was served in a large building which was beautifully decorated, and which was a most convenient place for any gathering of this kind.

At about 6:30 the friends began to depart and went away with a glad heart and all were satisfied with the way the day had been spent.

Headliners at Orpheum.

Last night two of the best vaudeville acts that have ever been seen in our city were offered as a part of the extra long bill at the Orpheum. Both of these may be called top-notchers and we greatly appreciate by the large audience present.

One is a clever comedian, dancer and singer who has several catchy song successes, interspersed with novel jiggling and a large line of jokes and witty remarks.

The other feature is Dubarry, a female impersonator. This presents a puzzling question with a startling answer. What do you think about it? The pictures of the Wolgast Nelson fight occupy four reels and of a high order.

They proved very interesting and attractive as did all the rest of the well-balanced bill.

TO MEET AT CULVER.

Women's Auxiliary of St. Thomas' Church Will Enjoy Day With Mrs. Thayer.

The next regular monthly meeting of the Women's Auxiliary of St. Thomas' Parish will be held on Thursday of this week at the home of Mrs. G. H. Thayer on Lake Maxinkuckee. The ladies are requested to bring their lunch baskets and meet at the Vandalia depot in time for the train leaving there at eight minutes after eleven on Thursday morning.

Miss Kittie Filly was a South Bend shopper this afternoon.

Stranded Near Argos.

Word was received here at about 2:30 this afternoon that Wm. Everly and some other Plymouth men were cheerfully delayed by a breakdown just outside of Argos. They were traveling in Mr. Everly's automobile when one of the wheels came off, giving them an excellent opportunity for that healthful exercise of walking. Yes, they had to "hoof" it into town and seek aid. However everything was soon all right and our boys were on their way again.

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna. St., Streator, Ill., was so bad from kidney and bladder trouble, that he could not work, but he says: "I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by All Druggists.

Pickle Factory Open.

The pickle plant opened last Saturday morning, managed by Bert Ames who has assisted the company for several seasons, and Leo Dinkler brought in the first lot of pickles, two bushels in all.—Bourbon News-Mirror.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale All Druggists.

Former Plymouth Boy Prom't'd.

Clyde Fish, formerly employed at the L. E. & W. depot in Plymouth, was last week appointed agent of the L. E. & W. railway company at Kokomo, Indiana.

Foley Kidney Pills will check the progress of your kidney and bladder trouble and heal by removing the cause. Try them. For sale by all druggists.

CHAS. A. WHITE TELLS HIS TALE

Legislator Whose Confession Started Lorimer Scandal.

RELATES HIS EARLY HISTORY

Follows Today with Story of Intricacies of Senatorial Election of 1909 in Illinois General Assembly.

Washington, Aug. 1.—The recital of his story before the Lorimer investigating committee was begun by former Representative Charles A. White, whose confession that he received \$1,000 for his vote for Senator Lorimer and an additional \$900 as his share of the jack-pot, pried the lid of the Illinois senatorial scandal.

In the two hours he was on the witness stand the confessed bribe taker reviewed, under the guidance of John H. Marble, counsel for the committee, his early life and his activity as a labor unionist previous to his election in 1908 as a member of the Illinois legislature from the East St. Louis district. His narrative extended only to the time when he was about to take his seat as a member of the lower house.

Today he continued with the story of his career as a legislator, his acceptance of bribes and his subsequent carefully thought out plan to expose the system in operation at Springfield by a full confession of his own misdeeds.

Previous to Mr. White's testimony the mysterious Robert J. Shields of Duluth, Minn., who is wanted by the committee as a result of his activities in producing hitherto unheard-of witnesses for the defense, was the subject of consideration by the committee.

James H. Harper, Mr. Shields' partner in the insurance business in Duluth and Superior, Wis., said that Mr. Shields had not been at his home in Superior since early in May, when he started on a nation-wide tour to corral witnesses for Edward Hines.

Although the witness said he understood that his partner was at West Baden, Ind., a week ago, he was unable to give any information concerning his present whereabouts.

LORIMER PROBE IS SCORED

Chicago Petition Calls Evidence in the Bribery Case Curbstone Comment.

Washington, Aug. 1.—"Curbstone comment and clothesline conversation" is what the senate Lorimer committee is listening to, according to a petition presented to the senate. It was a resolution adopted several days ago at a mass meeting in Chicago, which protested against what is called "the continued persecution of Senator William Lorimer."

MORE MOROCCAN DISCUSSION

Paris Is Impatient that Negotiations Are Kept Private.

London, Aug. 1.—The most important development in the Moroccan muddle is that Herr Von Kiderlen Waechter, the German minister of foreign affairs, has renewed the discussion of the situation with the French ambassador. An expression of impatience comes from Paris over the secrecy which is being maintained as to the negotiations.

From Berlin there comes a semi-official contradiction of the report that Germany has called out an unusual number of reservists. The Enelsh battleships continue to coal at Portland, from which place fourteen destroyers sailed Monday afternoon.

German Troopers Cut French Wires.

Paris, Aug. 1.—An incident has occurred which is not calculated to improve matters so far as the negotiations between France and Germany over Morocco are concerned. At Nancy six German troopers crossed the frontier and two were captured. The others took to their heels and escaped. Later it was found that several French telegraph wires had been cut and the German troopers are suspected.

MORE WIRE MEN PLEAD

Judge Archbold will sit again Friday to receive more pleas. Herbert L. Satterlee, it is said, will the appear and plead.

Whitman and Jesse Wilson, who live east of Delphi. When Conductor Justice started to collect fares in the smoking compartment of the car, G. C. Whitman attacked him.

The motorman, C. B. Mellinger, rushed to his assistance. The car was in an uproar, and the two Whitmans and Jesse Wilson were all after the conductor. Wilson tried to bar the door so that the motorman could not help Justice. Before the three men were quieted Conductor Justice was seriously injured. His nose was broken, and it is feared he is injured internally. He was brought to Lafayette and was taken to his home.

If you haven't a regular, healthy movement of the bowels every day, you're ill or will be. Keep your bowels open, and be well. Force, in the shape of violent physic or pill poison, is dangerous. The smoothest, easiest, most perfect way of keeping the bowels clear and clean is to take
